

Model UNFCCC - Climate Change Strategy Role Play

What?

“It is, simply, the greatest collective challenge we face as a human family”

UN Secretary General Ban Ki-Moon about Climate Change

- Understand Climate Change and the challenges it poses
- Gain insight into the process of international climate negotiation
- Understand the connections between Climate Change, politics, society and economy
- Enhance your negotiation skills

Model UNFCCC - Climate Change Strategy Role Play

What ?

Innovative Didactic Concept: Learning by Experiencing

Lectures – Learn about Climate Change through experts from science, politics and business

Teamwork – Research on your country's background and develop your own negotiation Strategy

Simulation Roleplay – Experience the complexity of international climate negotiations through a 2 day close-to-reality roleplay together with students from all over Europe.

Model UNFCCC - Climate Change Strategy Role Play
